ABOUT ME

I am a hardworking provider of 3 children. I work an obscene amount of hours the weeks they are with their mom. Then dial it back a little on my weeks. I like to do work I know I can and will stand by and hope that it sends me more business. I like to weld, fabricate, and work metal. But at the same time be technician/electrician. I can work with anyone or by myself. I'm driven and a self starter.
